DETAILED ACTION

Allowable Subject Matter

1. Claims 1-42 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The above claims are allowable because the prior art of record fails to disclose or suggest, in combination with the other claim limitations; a circuit for driving inductive loads, including a battery switch and a boost voltage switch on the high side of the inductive load, a low side switch on the low side of the inductive load to couple it to ground, a capacitor for supplying the boost voltage to the boost switch and one side referenced to the battery voltage, a commutating diode on the low side of the inductive load, and a computer to control all the switches appropriately to control energy in the inductive load to charge the capacitor via the commutating diode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James A. Demakis whose telephone number is 571.272.2050. The examiner can normally be reached on 7:30AM-4:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian Sircus can be reached on 571.272.2800 ext. 36. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
